

DEI Token White Paper

The Economic Revolution Begins Now

I. Introduction

The DEI Token is more than just a cryptocurrency—it is a movement. Built on Ethereum (ERC-20) with Layer 2 scaling (Polygon/Arbitrum), DEI Token is designed to redistribute wealth, empower Black businesses, and disrupt outdated financial systems.

With a total supply of 14 billion tokens, DEI Token pays homage to the 14th Amendment, symbolizing economic inclusion and justice for African Americans. The 40-token airdrop to all 50 million Black Americans reflects the historic but unfulfilled promise of 40 acres and a mule, laying the foundation for a new era of Black wealth.

This white paper details how DEI Token is structured to build generational wealth, fund Black businesses, and disrupt industries that have historically excluded Black communities.

II. Token Allocation

DEI Token is strategically distributed to fuel Black economic empowerment and long-term sustainability:

1. 2 Billion Tokens – 40 Tokens for 50 Million African Americans

Direct airdrop to all African Americans as an initial wealth-building initiative.

Encourages mass adoption and real-world use of DEI Token.

2. 2 Billion Tokens – Founders & Team

Reserved for the core team to ensure long-term development and execution.

Locked with a multi-year vesting schedule to ensure commitment and prevent early sell-offs.

3. 1 Billion Tokens – Acquiring Cash-Flowing Businesses

Funds used to buy profitable businesses such as:

Public storage facilities

Laundromats

Apartment buildings

Logistics companies

HVAC businesses

These businesses generate passive income, supporting DEI Token's long-term value.

4. 1 Billion Tokens – Black & Brilliant Combinator (B&B Combinator)

An accelerator for Black entrepreneurs in tech, blockchain, AI, and business.

Similar to Y Combinator, but designed for Black innovation and ownership.

5. 1 Billion Tokens – Sports & Entertainment Investments

Used to fund:

Movie productions

Media company acquisitions (radio, TV, podcasts)

Sports franchise ownership

Ensures Black representation in billion-dollar industries.

6. 1 Billion Tokens – Black Business Chamber of Commerce & Advocacy Groups

DEI Token will unite 300,000+ Black businesses under its ecosystem.

Allocations for groups such as NAACP, Urban League, and Black Chambers of Commerce to incentivize adoption of DEI Token.

7. 1 Billion Tokens – Pre-Launch Liquidity Fund

5% of total supply sold to pre-investors for liquidity and early adoption.

Ensures deep liquidity for trading and exchange stability.

8. 1 Billion Tokens – Housing Loan Disruption

Revolutionizing homeownership with new mortgage models.

Focus on zero-interest home loans and down payment assistance using DEI Token.

9. DEI Liquor Brand – A New Asset Backing the Token

Profits from the DEI liquor brand will be used to buy and burn DEI Tokens, increasing scarcity and value.

III. DEI Agent Bot – Instant Value from Day One
